Summary

Computer Science undergraduate skilled in Java, Data Structures, and Frontend Development. Built web applications with a focus on responsive design and user-friendly interfaces, interested in developing applications and learning in a growth-oriented environment.

Education

B.Tech in Computer Science

Galgotias University, Gautam Buddha Nagar

CGPA: 7.7 / Aug'2023-June'2027

Class XII

BSEB

Percentage: 71 / May 2023

Class X

BSEB

Percentage: 70 / April 2021

Skills

Programming Languages: Java (OOP), Python

Web Technologies: HTML, CSS

Backend & Databases: React, SQL,DBMS

Core Concepts: Data Structures(Java)

Tools & Frameworks: VS Code, IntelliJ IDEA, Git & GitHub

Soft Skills: Communication, Teamwork and Leadership

Projects

Crop Recommendation System – React + AI: | Tech: React.js, HTML, CSS([Link](#))

December 2025

- Developed an AI-based crop recommendation system to suggest optimal crops using environmental and soil data.
- Built a responsive user interface using React.js for seamless data input and result display.
- Integrated machine learning model with backend APIs to provide real-time crop predictions.
- Implemented clear and interactive result visualization to enhance user experience.

University Management System: Tech: HTML, CSS, JavaScript, Java (JDBC), and MySQL ([Link](#))

October 2025

- University Management System is a web-based application to manage students, faculty, and courses.
- It provides separate panels for admin, faculty, and students for different tasks.
- Admin manages records, faculty updates grades and attendance, and students view their details.
- It is built using HTML, CSS, JavaScript, Java (JDBC), and MySQL.

Internships

AI/ML Virtual Internship (Microsoft & Eduskills, AICTE)

July 2025

- Learned and applied core AI and Machine Learning concepts through *hands-on training and project datasets*.
- Developed and evaluated machine learning models using Python and standard ML libraries.

Certifications

Microsoft AI/ML Intern - Microsoft, Eduskills

Achievements

- **Smart India Hackathon:** Secured 9th position among 194 teams in a college-level innovation competition.
- **LeetCode:** Achieved a LeetCode Contest Rating of 1679, demonstrating strong problem-solving and competitive programming skills.
